

ANTIQUITIES

OF THE

VIA APPIA.

THE second Number of this Work is nearly completed; and will be sent to England in the Course of the present Year. It comprehends the interesting Monuments of Horatia, Sister of the Horatii, of the Family of Augustus, &c. &c.; and a Sepulchral Vault, newly discovered; in the Year 1793, together with numerous Inscriptions found in it.

The third Number will be rendered still more interesting than the last, by a Representation of the Circus of Caracalla, the magnificent Mausoleum and Sarcophagus of Cecilia Metella, and many other Sepulchral Vaults, of a new and singular Construction.

The original Drawings of the second Number may be seen at W. PALMER'S, Printfeller to her Majesty, No. 163, Strand, of whom may be had three different Books of Figures, executed by the same Artist (CARLO LABRUZZI) at Rome. The Figures some of them are done from five fixed Points. The other two contain Groupes adapted to Landscapes.
